

Assessment, Improvement, Measurement (AIM): 09/20/2013

Plan Year: 2012-2013

Unit: Respiratory

Coordinator(s): James Matchuny, Martin Baxter, Karman Wheeler

Reviewer: Martin Baxter

Program Health Review: Use the Annual Program Health Review to evaluate student achievement and, if warranted based upon analysis of the results, make program changes to improve student achievement. Identify expected student learning outcomes, assess the extent to which these outcomes are achieved, and provide evidence of improvement based on analysis of the results.

Measure Text: PROGRAM HEALTH REVIEW - LEVEL 1 1. Program Health Review - Refer to the attached Annual Program Summary for longitudinal information related to enrollment, graduates, employment, employer and alumni satisfaction, and licensure pass rates. 2. Student Learning outcomes Three student learning outcomes – Plan an assessment for each outcome identified, and assess the extent to which these outcomes are achieved, and provide evidence of improvement based on analysis of the results.

Achievement Target: Program Health Review Target - Maintain a level 1 assessment with comments from program coordinator, assistant dean, dean and vice president according to attached time schedule. Student Learning Outcome Target - Student learning outcomes are identified, assessed on level of achievement, and evidence of improvement are provided based on analysis of the results according to the attached time schedule.

Results: Program Coordinator: 1. Strengths of the Program - (TEXT) 2. Items Requiring Continued Attention - (TEXT) 3. Document and provide evidence indicating how last year's program review resulted in improvements in the program/department.

(12/14) Program strengths include an systematic outcome based approach for program improvement. The applicant pool continues to be strong with over 50 applicants for the past 2 years. The transition of the new Director of Clinical Education has went well.

Please review the Respiratory Care program annual accreditation report that was submitted in June 2012. To create this report outcome and resource assessment data is collected during the spring semester, May and June. Program faculty meet to analyze the data to develop action plans for advisory committee approval prior to submitting the annual external accreditation report. (12/14)

AD Comments: I have read and agree with the comments submitted by the program director. The program continues to successfully fill the incoming classes and the graduates are finding employment.

Dean Comments: Program continues to attract and prepare students in this field. The program has a p[ositive profile in the health care community.

VP Comments:

Target Results:

Findings: The next cycle of outcome and resource assessment will occur during the spring semester. (12/14)
