Computer Aided Drafting and Design

The program prepares students in manual drafting techniques and 2D and 3D computer drafting. Instruction emphasizes lettering, geometric construction, orthographic projections, dimensioning and tolerancing, and related technical processes. These skills are required to transform specifications and instructions of architects, designers, and engineers into complete and precise drawings.

Bluegrass Occupational Outlook

Career	Average Wage (2010)
Graphic designer	$17.45
Architectural and civil drafter	$18.19
