Section 4.22.1 -General

The Kentucky Community and Technical College System (KCTCS) an institution of postsecondary education of the Commonwealth of Kentucky must comply with the Kentucky Revised Statues (KRS) 45.451 to 45.458, often referred to as the Model Procurement Code. **Inasmuch, KCTCS strives to: a) have consistent purchasing practices and procedures across the System, b) provide public confidence in all procurement practices, c) insure fair and equitable treatment of all persons that transact with KCTCS, d) foster effective competition and, e) ensure integrity with procurement.**

Section 4.22.2 -Time Limit (Prompt Payment of Vendors)

Kentucky's revised statues require specific time limits for all state agencies to pay their invoices. Specifically, statues require payment within 30 working days of receipt of a vendor's invoice (and receipt of goods or services in good condition). The sole exception is when payment is delayed because the originating **business unit** has contacted the vendor or vendor's subcontractors with disapproval of improper performance or improper invoicing (see Business Procedure 4.8, Price Contracts [-4.8 Business Procedure](#)).

Section 4.22.3 - Late Payment Penalty

By Kentucky law, a late payment penalty of one (1%) percent per month must be added to any invoice not paid within 30 working days. The payment will be paid to the vendor by adding the penalty to the invoice and will be paid by the originating business unit.

Section 4.22.4 - Invoices and Receiving Receipt

Accounts Payable accepts original invoices received via US Postal Services or

electronically at AccountsPayable@kctcs.edu from vendors against valid KCTCS purchase orders. Accounts Payable will also accept a scanned and emailed invoice copy against valid KCTCS purchase orders -- this latter process greatly reduces the potential for making late payments. Business units must process receipts promptly in KCTCS' enterprise resource plan software system (PeopleSoft) for goods that have been received and were ordered via a purchase order. As a general rule, a purchase order invoice will not be paid until KCTCS Accounts Payable is ensured that goods and services ordered were received without damage or issue.

Section 4.22.5 - Date Stamp on Invoices

All invoices are to be stamped "received" with the month, day, year, and the business unit name. The stamp is to be placed near the lower left corner of the front of the vendor's original invoice, or as near to the location as will not obscure other information on the invoice. If this invoice is for an item that was not purchased through the normal electronic purchase order process and the service or goods were received on a different date as the invoice, write the service or goods receipt (date) by the date invoice received stamp. Invoices referencing a purchase order are to be scanned and emailed or forwarded directly to KCTCS Accounts Payable. Other invoices acceptable for payment will be vouchered into PeopleSoft for payment processing using a PeopleSoft origin code of "CKR", which must comply with Procedure 4.23 Check Request. Or, invoices can be submitted as "CNF" voucher which has been outlined in Procedure 4.3 Requisitioning.

Section 4.22.6 - Bill to Address

The address to send invoices processed through the normal purchasing process using a PeopleSoft requisition and purchase order are be as follows:
