Computer and Information Technologies

Fall 2013 (Continued)

* Program coordinator - instructional release time

Course with prefix CIT, CS 115, CS 215, CS 216, CS 275 (excluding sections starting with 18), and BLC as delivering campus

CIT 105 is also used for a computer literacy course

Unduplicated Enrollment - Count of distinct emplids in all CIT classes

Duplicated Enrollment - count of all emplids in all CIT. If a student is enrolled in more than one class, they are counted multiple times

Duplicated student listings in a single course were unduplicated for enrollment counts but are included with each instructor's productivity calculations.

Duplicated enrollment from lab excluded for CIT 260

Contact Hours Per Week = Contact Hours/15

FTE-F calculated by Total Credit Hours/15

Total Enrolled Credit Hours = Course Enrollment x Course Credit Hours

Credit Hours Generated per FTE-F = Total Credit Hours divided by FTE-F

Ratio of students taught per FTE-F = Credit Hours Generated/15

IT 170 includes MIT students
