

# Launch your film career in just one semester and stay to finish your AFA!

The Film program at BCTC is the place to start.

Always dreamed of becoming a director? Have an idea for a screenplay, but don't know how to start? Want to learn the ins and outs of filmmaking, but don't think you have the money?

BCTC's Film program can help make your dream of being a filmmaker come true!

Sign up for our **Script to Screen certificate** and in just one semester you will write and direct your first short film and a commercial. Looking for a more in-depth experience? We are one of the only colleges that offer an **Associate in Fine Arts degree in Digital Cinematic Arts** in the United States!

Our students don't just learn theory. They put it to practice with the creation of their own feature projects, which are shown during a student premiere/showcase at the end of each semester.

"When I started at BCTC, I didn't know anything about film, but I found my passion."

**Kelley Cantrell**

*American Movie Award Finalist, BCTC Film graduate*

## Get started with Film!

This program will provide students with a hands-on, project-based overview of all the elements of filmmaking.

Upon completion of just one semester in the **Script to Screen certificate program**, students will have practical experience in producing, directing, screenwriting, casting, cinematography, lighting, editing and distribution, all while learning the collaborative nature of filmmaking.

Our **two-year AFA program** includes advanced classes on the art and craft of cinematography such as editing a feature length screenplay and higher level photography and video editing, a production internship, a film bootcamp where students learn to work on an actual film set in various roles, and more!

BCTC Film graduates have gone on to work on Hugo, Secretariat, Boardwalk Empire, Second City, Video Editing Services, Prosper Media, KET, WLEX, ESPN, and more.

Graduates have also continued their studies at schools such as the New York Film Academy, Savannah College of Art and Design, Asbury University, ECU, NKU, UK, and WKU.
