

# Always wanted to be on stage?

BCTC's Theatre program can get you there!

Find your place on stage or backstage with the Theatre program at BCTC. We are one of the few colleges that offer the **Associate in Fine Arts in Theatre** in the southeastern United States!

We put on several full productions each season and have partnerships with top local theatre and arts organizations in Lexington.

Our students have the chance to get **valuable onstage and backstage experience** right away, and the program is a great preparatory tool for students looking to transfer for a four-year theatre degree.

In addition to their own productions, students participate in state and regional theatre conferences, acting competitions, workshops by visiting theatre professionals, and attend plays throughout the region. Both students and faculty have been recognized at regional festivals for their achievements in recent years.
