**LEXINGTON COMMUNITY COLLEGE**

**Architectural**

The following describes the "articulation agreement" between Northern Kentucky University (NKU) Construction Management Program and Lexington Community College (LCC) Architectural Program. This agreement provides an easy avenue for LCC students wishing to continue their education by transferring to NKU, knowing exactly their program of study and what courses they must complete to be awarded a Bachelors Degree in Construction Management. The LCC students must complete their Associates Degree in Architecture in order to pursue this educational career path. This agreement essentially provides a 2 + 2 arrangement: Two years at LCC and two years at NKU (equivalent thereof).

NKU/Construction Technology and Management Programs provide very flexible scheduling, offering evening and Saturday classes. LCC Architectural students wishing to start their employment careers may do so in the Northern Kentucky/Greater Cincinnati area and work part-time on the Bachelors Degree in Construction Management.

This is a very positive agreement and arrangement for both educational institutions, and their programs. Most importantly the students are the real winners. LCC students have a clear path of continuing their education and NKU will enjoy the increase enrollment of junior level students that are truly prepared for upper level courses. NKU can expect a transfer growth of approximately 5 to 10 students per year.

LCC's Architectural Program is a very strong program and was fully reviewed by the Department of Technology/Construction Technology Faculty.

Thanks go to the Administrators of Lexington Community College and Northern Kentucky University for their support of this agreement, and a SPECIAL THANKS to the NKU/Office of Admissions for their work and support.

Please review the attachments for the complete articulation agreement. For more details and information, please contact Dr. Charles Pinder, Chair, Department of Technology—859/572-5442; or Paul D. Cooper, Coordinator of the Construction Technology/Management Programs—859/572-6353.

## MEMORANDUM OF AGREEMENT

# LEXINGTON COMMUNITY COLLEGE (LCC) NORTHERN KENTUCKY UNIVERSITY (NKU)

This **Memorandum of Agreement** has been entered into by:

LCC—Architectural Associate Degree Program

NKU—College of Professional Studies/Department of Technology  
Bachelor of Science Degree Program: Construction Management

## GENERAL AGREEMENT

The first party of this agreement agrees to require students to complete Associate Degree requirements for the programs identified above. The second party of this agreement agrees to accept those courses identified on the following attachments as transfer credit into the Bachelor Degree program identified above.

(See attached Architectural Sheets and Construction Management Sheets)

### **Program of Study:**

Northern Kentucky University/(BS) Construction Management will articulate credit from Lexington Community College Program in Architecture and Construction Management on a course- by -course basis as shown on the attachments. The following attachment is a degree sheet showing what Construction Management courses must be completed at NKU in order to complete their BS degree in Construction Management. Page three of the attachments is a course- by- course identification of the LCC General Studies courses, which will be transferred into NKU's BS degree in Construction Management. Course transferability from LCC is dependent upon completion of each course with a minimum grade of "C minus."

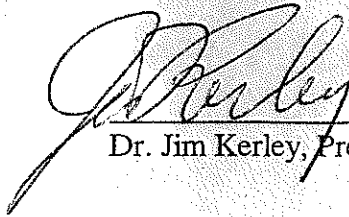

Articulation is defined as a process for coordinating the linking of post secondary institutions within a community to help students make a smooth transition from one program to another without experiencing delays, duplication of courses, or loss of credit.

The parties to this agreement are committed to an annual review of its details to adjust them for any relevant curricular changes at either institution. In the event of such changes, students at Lexington Community College covered by this agreement may have been advised in course-taking on the basis of the previous but then current curricular correspondence. Thus, Northern Kentucky University will permit a Lexington Community College student covered under this agreement to designate a catalog year (for purposes of applicable requirements) up to two years before the matriculation date at Northern Kentucky University.

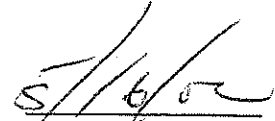

The agreement will be considered continuous until revision is requested by either party.

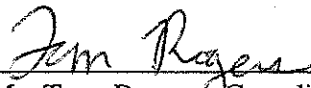

This agreement will take effect upon the affixing of signatures of the Parties named below.

Bachelor of Science Degree in Construction Management

LCC students wishing to articulate into the B. S. Construction Management (CMGT) Program at NKU "must" complete "receive" their Associate Degree from LCC. The following, then becomes effective.

Construction Management Requirements: (42 Sem hrs.)

CORE 21 SEM. HRS.	SEM.HRS	BUS. & MGMT. 15 SEM. HRS.	SEM.HRS.
____ IET 110 Intro.to Technology	3	____ IET 415 Construction Management	3
____ IET 220 Plane Surveying	3	Choose 4 of the following:	
____ IET 221 Const. Specs.& Contr.Doc.	3	____ IET 215 Human Rel. In Bus.& Ind.	3
____ IET 320 Const. Estimating	3	____ IET 315 Personnel Management	3
____ IET 323 Land Plan & Development	3	____ LAS 300 Intro. To Labor Relations	3
____ IET 324 Project Coordination	3	____ LAS 302 Contr. Admin. & Disp. Set	3
____ IET 325 Const. Safety	3	____ ACC 205 Intro. Fin.& Man. Acc.	3
TECH SUPPORT 6 SEM HRS.		____ MGT 205 Intro. to Bus. & Man.	3
____ IET 301 Cooperative Educ.	3	____ MKT 305 Principles of Marketing	3
____ IET 424 Const. Renov.& Restor.	3	Only 15 Sem.Hrs. Required if ECO 200 & 201 are completed.	

GENERAL STUDIES: (37 Sem. Hrs.)

____ MAT	3	
Choose one: MAT 111 Linear, MAT 112 Bus. Cal., MAT 121A Cal. 1a, or MAT 205 Stat.		
____ IFS 105 Introduction to Business Comp.	3	
____ SCI	4	
Choose one: PHY 110 w/lab. Or GYL 110 w/lab. (the other should be completed at LCC.)		
Hum./Fine Arts		15 (see advisor) _____
Soc./Beh.Sc.		6 (see advisor) _____
Diversity		6 (see advisor) _____

Total of 79 Sem. Hrs. must be completed at NKU. The above total semester hours may be reduced at NKU, if the following courses are completed at LCC. Each course completed at LCC will reduce the total by the semester hours completed.

ACH 291 Const. Mgt.....	3	ACH 294 Spec. Writ.....	3	PHY 151,152,161,162 "OR"
ACH 297 Estim. Tech.....	3	COE 199 Coop. Ed.....	3	GLY 101,111,102,112....3/4
ECO 200/201.....	3/6			

See NKU catalogue or advisor for complete details. NOT A RECIPROCAL AGREEMENT: valid for transfer of credit from LCC to NKU--"only."

**RE:** Articulation Agreement

The attached articulation agreement has evolved over a period of approximately two years. The transfer of credit from the Architectural program at Lexington Community College to the Construction Management Program at Northern Kentucky University has been evaluated, carefully, by key individuals from both institutions. The program at LCC is very strong academically.

The Architectural credits from LCC have been accepted on a course- by- course basis in our B. S. degree in Construction Management. If either program modifies its degree requirement, an evaluation should be conducted and a judgment made as to the impact it will have on this agreement.

Please review and react to the attached agreement.

Thanks
