Special Instructions:

- All grades within the program must be a “C” grade or better. This includes pre-requisite courses. Student that have completed all of the non-radiography courses can concentrate on courses that apply to an associate of Science degree.
- Students did not have to have all pre-requisite courses completed before application, but they must be completed before start of the classes in the fall.
- The program prefers PHY 172 for the physics course. However, the program will accept any of the physics courses listed.
- NAA-100 is a preference course for the program, not a required course. Students must be active on the Nurse Registry to receive preference status for this course in the application process.
- Students that are Radiography pending, should concentrate on the following courses:
1st semester: BIO 137; MAT 150; NAA 100
2nd semester: BIO 139; Digital Literacy; PHY 172
