- Tables are in order from high to low scores. Students may always take course "lower" on the chart.
- Priority advising and placement = READING. FYE105 also recommended for freshman.
- If IRW or RDG, then limited course options available (See IRW-RDG Course List).
- For Co-Requisite Classes, must enroll in classes with same "A" section numbers (See Paired Course Document)
- For Math, determine Math Pathway based on Major/Program Plan first, then advise accordingly.

Math Pathways: A) Tech Math B) MAT126 or MA111 Liberal Arts C) MAT150 College Algebra D) MA113 Calculus
