

Connective Tissues

Fill in the following table.

<u>Tissue</u>	<u>Cell Types</u> ¹	<u>Visible Fibers</u> ²	<u>Distinctive Features</u> ³	<u>Functions</u>	<u>Locations</u>
Hyaline Cartilage					
Elastic Cartilage					
Fibrocartilage					
Bone					
Blood					

¹ Adipocytes, chondrocytes, erythrocytes, fibrocytes/fibroblasts, leukocytes, or osteocytes

² Collagen, elastic, and/or reticular

³ Lacunae, osteon, Haversian canal, canaliculi, lamellae & descriptions useful for identification
