Student Name: _____ **Student Signature:** _____

Special Instructions:
The Automotive Technology program is currently on a two-year rotation cycle beginning in fall 2018 and enrolling new students every other year. Enrollment into the program is based on “first come, first serve” and requires instructor permission. Certificate exit points are embedded in the overall automotive program curriculum and are only available if program enrollment numbers permit. Students who are interested in a certificate only must contact the program instructor for permission to enroll. There are no general education requirements for the automotive technology certificate exit points.
