

**MARIA C. RUTHERFORD, M.ED.**

**IECE COORDINATOR**

Would you like to learn more about a career working with children from birth to 5 years of age? I can advise you and help explore the workforce options in working with children.

Children are important. You can make a difference in the life of a child when you know and understand child development and developmentally appropriate practice when working with them.

Good NEWS is... you can earn certificates, credentials, and diplomas as you go..... at YOUR PACE.
