### Selective Admissions

The Surgical Technology program is a selective admissions program which admits students in the Fall and Spring semesters. Students who start SUR courses in the Fall semester must be enrolled in the Fall semester, Spring semester and 4-week Summer session. Students who start SUR courses in the Spring semester must be enrolled in the Spring semester, 4-week Summer session, and Fall semester.

The deadline for applying to begin the program in the Fall semester is May 1.

The deadline for applying to begin the program in the Spring semester is November 1.

See the program website at <https://bluegrass.kctcs.edu/education-training/programs/surgical-technology/index.aspx> for selective admission information and mandatory pre-admission conference information.

It is mandatory that students attend a pre-admission conference prior to application to understand the program and the selective admissions process.

\*The selective admission criteria is based on Anatomy & Physiology, Digital Literacy, Microbiology, and Medical Terminology grades as well as cumulative GPA. The grades in those courses will be granted certain point values and then the cumulative GPA will be added to that score and the selection will be based on the total.

Digital literacy must be demonstrated either by competency exam or by completing a digital literacy course such as CIT 105 Introduction to Computing or OST 105 Introduction to Information Systems. (No points award for Bypass exams in the selective admission process)

### Additional Information

- All non-SUR courses must be completed before beginning the first semester of SUR courses.
- Non-SUR courses can be taken in any order.
- Students must earn a grade of C or higher in each course required for the degree.
- CPR certification for the healthcare provider must be obtained prior to enrolling in SUR 100 and must be kept current throughout the program.
- The SUR courses in this program require attendance in two semesters (one Fall and one Spring) and 4-week Summer term. This program requires full-time attendance 5 days each week once SUR courses start.
